To the Palerino Family - it is with much sadness that I've read of your husband/Dad's passing. I've known your Dad through the Central New York Recreation and Park Society (CNYRPS) and have been fortunate to have learned many professional lessons due to his leadership and experience. Additionally, I am happy to say that Jill spent several summers working with me as a City Parks lifeguard - have never forgotten her bright smile she greeted everyone with! May the memories of the many shared adventures and family events buoy you through this difficult time. Tom White City of Syracuse Dept. of Parks and Recreation
