I met mary in classes at Bryant and Stratton over 20yrs ago, she was a great person and we hit it off quickly, over the years we did surveys together and she was both a friend and motherly figure to me, after she moved to heman street we saw less of each other but she was always a good friend I wish I could have spent some time with her once more before xmas, I am very sorry for your families loss, she will be missed, and always in my heart. diane ogiltsbie and family

We will miss you Mary but knowing that you are with Jesus and all of our beloved family gives us comfort. The funniest memory we would like to share is when I cooked my first Thanksgiving turkey and you came to dinner. You said "Dottie you left the gizzards etc, inside of the turkey" We all laughed and to never forgot that one! Jim talked about you all of the time and the care that you gave to him a little boy! We were not close in distance but we were within our hearts. I remember when I first met you when I started dating Jim and loved you from the start. Your nieces and nephews loved you and wished that you lived closer to us as we did as well. We will see you again Mary and will think about you every day precious sister! Love and hugs, Dottie, Jim and family
