Hi Frank, its me again. I guess part of me didn't want to believe that you were gone. I hope you went in peace, I wish we could have been closer friends. Until we meet again, I'll be thinking of you. Your buddy... Todd.

My condolences. I knew Frank for many years here and there at family events and when he asked me for help with his truck just very recently. I highly respected this man. He talked to me for a long time about how things were going. He spoke to me about grandchildren and gave me insight on the world ahead. We also had just a great conversation about cars and hunting. Ill miss seeing him. I feel like every time he spoke to me there was something to take away from it and even though my time with him was small throughout the years, he taught me more than i think he knew he did. I am honored to have known Frank.

I remember when I was 16 years old, Frank was taking me on my first deer hunting experience. When we got in the woods Frank and I started smelling perfume. At first he thought it was on me. but no, it was on Frank's clothes that someone (we are pretty sure it was his daughter,, Lisa) must have sprayed perfume on his clothes so that the deer would smell it and run away from us. A great memory of a lift-time. LOLPeter Zera

Uncle Pete, thank you sharing. After that incident he'd lock his hunting clothes away. I was incredibly young. He spoke of that for years with laughter.
