Although I did not personally know Chuck; Verna was our beloved secretary in Staff Development. I felt that I personally knew each one of you as she was so proud of her family. Verna's love for Chuck was boundless. I am so sorry for your loss. Sharon Spencer

My condolences to all family. I have great memories working with Charlie at Lamson Corporation back in the early 80's. When Reagan became president things really picked up at GE Farrell Road and Charlie left Lamson and returned to GE. He called me while I was still working at Lamson and asked me to think about moving to GE. The rest is history and I owe Charlie a debt of gratitude for my 30+ years at GE, Martin Marietta and finally Lockheed Martin. I retired from LM in late 2013. Charlie was a super person and I recall him telling me that he made the large wooden sign posted outside his housing development off Electronics park. John O'Hern Bancroft, Ontario Canada
