Dear Mike, Aiden, and Hayley - Please accept my sincerest condolences upon the passing of your wife and mother. Molly and I began our time at the TSA together and I immediately recognized her kind heart and the way she made everyone that she encountered feel special. Molly was unflappable and always made things better for the rest of us. I will always remember and be grateful for the tremendous amount of assistance and care Molly and Hayley displayed to her coworkers by assisting with our food drive during the government shutdown. It was just another example of Molly's essence. As you have known from the start, Molly was selfless in her desire to put others first. I am honored and privileged to have shared a small part of Molly's life. Molly's spirit will always resonate with me as she represented the best we all hope to emulate. I wish you God's grace during this most difficult time.

Hi Molsss...(that was my pet name for her) ... you were such an inspiration to anyone you came in contact with. You were one of my last groups of new hires at TSA and I knew you were a keeper from the beginning. From your willingness to help someone with anything, no matter what it was, to your loving generosity towards all those you worked with. You had a bright, infectious smile and SUCH a kind heart. And just like you were "the rock " for your family, you, my friend, were a rock at TSA as well. You are so, so missed by everyone

I meet Molly when I transfer to Syracuse Airport from Binghamton NY, she was very kind with me and help me adapt with the new environment, and after I was there working for a while, we talked about Punta Cana, a place she love, and I understand being original from Dominican Republic, what a surprise and shock I am, with this tragedy, but be in the person that she was, she decided to help more people, she is an angel, God have her by his side, no doubt. Thanks for be a friend, coworker, and a good human being.
